PROFESSIONAL SUMMARY

High-performance Engineering Architect with 8+ years of experience specializing in the VILT Stack (Vue 3, Inertia, Laravel 12, Tailwind). Unique value proposition lies in **modernizing legacy Healthcare and Aviation monoliths** into scalable, domain-driven systems. Proven track record of reducing cloud infrastructure costs by **\$1M/year** through architectural optimization. Deep expertise in designing high-availability systems, leading squads of 7+ engineers, and driving CI/CD automation.

EXPERIENCE

- Infosys** Chandigarh, India
Lead Product Engineer & Architect Feb 2023 - Present
 - Modernization & DDD:** Led the architectural transformation of legacy healthcare monoliths into decoupled **Modular Monoliths** using **Domain-Driven Design (DDD)**, resulting in **\$1M annual savings** and a 60% increase in user efficiency.
 - Performance Engineering:** Optimized high-concurrency Clinical Trial Management systems via **Redis Queues (Horizon)** and real-time data sync, reducing trial monitoring latency by 30% and saving **\$360K** in 2024.
 - Engineering Leadership:** Spearheaded an AI-assisted development culture for a squad of 7 engineers; enforced strict **Pest** (server-side) and **Vitest** (client-side) testing standards to ensure 0-defect deployments.
 - Security Architecture:** Designed and implemented robust **OAuth2/OpenID Connect** flows using **Laravel Passport** to ensure HIPAA compliance for sensitive biotech research data.
- Capital Numbers Infotech** Remote
Senior Software Engineer Aug 2022 - Dec 2022
 - High-Velocity Delivery:** Engineered a configurable Assessment Engine with real-time validation in a 5-month sprint, improving onboarding speed.
 - Data-Driven Decisions:** Built live analytics dashboards for recruiters using Vue.js and WebSockets for instant pipeline visibility.
- Logiware Inc.** Remote
Vue.js Developer (Migration Specialist) Mar 2022 - Aug 2022
 - Legacy Modernization:** Executed migration of monolithic warehouse systems to **Vue.js & Laravel 9**, resulting in 16% operational efficiency gain.
 - Security Compliance:** Architected granular Role-Based Access Control (RBAC) systems, ensuring 100% compliance with logistics security standards.
- Tata Consultancy Services (TCS)** Chandigarh, India
System Engineer July 2017 - Mar 2022
 - Process Automation:** Automated engine configuration tracking, eliminating 70% of manual data entry and ensuring 100% audit accuracy.
 - Predictive Analytics:** Developed predictive maintenance modules for Aviation Engine Diagnostics, reducing repair costs by 11%.
 - Real-Time Monitoring:** Built complex interactive dashboards using Vue.js and Tableau for mission-critical engine health monitoring.

SKILLS SUMMARY

- Core Stack:** PHP 8.4+ (Enums, Property Hooks), Laravel 12 (Ecosystem expert), MySQL (Performance Tuning), Redis.
- Frontend:** Vue 3 (Composition API), Inertia.js, Tailwind CSS, TypeScript.
- Architecture:** Domain-Driven Design (DDD), Event-Driven Architecture, SOLID, Microservices, RESTful API Design.
- Tooling & Quality:** Pest PHP, PHPStan, PHPInsights, Laravel Pulse/Telescope, Docker, Git.
- AI & Cloud:** GitHub Copilot, Cursor, Claude Code, OpenClaw, AWS (EC2, S3, Vapor), GitHub Actions (CI/CD).

AI-NATIVE WORKFLOW

- Agentic Development:** Expert-level proficiency in Cursor, Claude Code, and GitHub Copilot to accelerate delivery cycles, treating AI as a primary toolset for boilerplate generation, refactoring, and complex debugging.
- LLM Integration:** Experienced in implementing RAG (Retrieval-Augmented Generation) workflows and integrating OpenAI/Claude APIs to automate business logic and reduce administrative drag.
- Prompt Engineering:** Skilled in crafting precise technical prompts to guide AI in adhering to SOLID principles, Pest testing standards, and Laravel best practices.

EDUCATION

- Vellore Institute of Technology (VIT)** Vellore, India
Master of Computer Applications (MCA) 2015 - 2017
Courses: Distributed Systems Architecture, Advanced Database Management Systems, Software Engineering Principles
- Panjab University** Chandigarh, India
Bachelor of Computer Applications (BCA) 2012 - 2015
